BIG MOVING PICTURE MAN TO INSPECT BAND HERE SUNDAY

Publicity Man for Select Pictures Will Be Here Sunday Afternoon to Hear Boy's Band Concert and Complete Trip Plans.

Word was received here this morning that Mr. James Currier, general publicity manager for the Select Pictures Corporation, would make a special trip to Maysville Sunday for the purpose of attending the concert given by the Boys' Band in the Washington Theater. This is an inspection trip and Mr. Currier by hearing the boys play will be enabled to properly prepare the publicity matter for their Ohio trip which will be under his personal supervision.

Mr. Currier will remain over until Monday when he will complete all plans for the big trip for which the members of the band have been looking forward for many months. Already quite a number of Ohio cities have made application for the Boys' Band and the big feature picture which they will accompany. They will play in some of the leading cities of Ohio and after hearing the band play Sunday it is more than likely Mr. Currier's advertising matter will be so strengthened that many others will sign up for the big Select Picture and the band.

Members of the band will certainly be at their best in Sunday afternoon's concert for while it is their first public concert of the season, they will also have in mind the fact that the man who will advertise them all over the North will be in the audience.

BAPTIST WOMEN TO MEET IN ABERDEEN.

The Women's Missionary Union of Bracken Association of Baptists will hold its spring meeting at the Aberdeen Baptist church on next Tuesday. The meeting will last all day and dinner will be served at the church. Mrs. Jennie Cree Bose, of Louisville, State W. M. U. Secretary, will speak. The Maysville women will assist the Aberdeen women in entertaining the visiting messengers from the 30 churches in the association.

MORROW INDORSES THE CANDIDACY OF RICHARD P. ERNST

Governor In Ringing Words Says Covington Man Should Be Named For U. S. Senator.

Governor Edwin P. Morrow in a ringing statement issued at Frankfort, Ky., indorses the candidacy of Richard P. Ernst, of Covington, for the Republican nomination for United States Senator. Declaring that the Northern Kentucky aspirant "will and should be nominated," the Governor pays tribute to the Covington candidate as a citizen, lawyer and loyal member of the Republican party. Particular reference to his fitness for the office to which Mr. Ernst aspires is made by Governor Morrow, who says:

"I am very glad to see the announcement of Hon. Richard P. Ernst as a candidate for the Republican nomination for United States Senator. I believe that he will and should be nominated. Mr. Ernst is in every way fitted for the great position to which he aspires. He is a trained and capable lawyer; a man of broad vision, familiar with the great questions of the day, and is industrious, energetic and possesses splendid powers of head and heart. He has been a faithful and efficient member of the Republican party and always devoted to its interests. He has participated in its councils, fought its battles, sustained it in its hours of need and contributed to its victories. I believe he can secure more votes in November than any other Republican in Kentucky. In other words, I believe he can 'bring home the bacon.'"

"I also feel that a very great majority of the Republican workers and leaders throughout the state are enthusiastically for him. I think his nomination and election are both assured."

BAND CONCERT SHOULD BRING OUT MANY.

The first municipal concert by the Maysville Boys' Band at the Washington Theater Sunday afternoon should bring out a large audience. There will be no admission charge and no collections will be taken. Everyone is invited and will be made welcome. Bring your friends and see how much our boys have improved in music during the winter months.

MRS. HECHINGER'S FUNERAL WAS HELD THIS MORNING.

TAXPAYERS RECEIVE NOTICE OF ASSESSMENT INCREASES

Board of Supervisors Complete a Part of the City and Send out Notices To Hundreds.

The City Board of Tax Supervisors placed in the hands of Chief of Police Harry A. Ort today official notices to hundreds of property owners in the West End of the city notifying them of increases in their tax assessment and giving them an opportunity to appear before the board next week to show cause why their assessment should not be placed on the city's tax duplicate at the increased figures indicated in the notice upon which the board has already agreed.

It has been unofficially talked about the streets for the past week that the present Board of Tax Supervisors was making sweeping changes in the tax assessment as returned to the City Assessor by the property owners themselves. Increasing the city's assessment by thousands of dollars but it was not known that their action was so far reaching until the large stack of official notices was turned over to the head of the police department.

Patrolmen began work this afternoon of delivering to the property owners these official notices and it is expected that the Mayor's office, which is the meeting place of the board will be besieged with tax payers next week protesting against the large increases made.

COLORED BOY'S FOOT BADLY CUT IN ELEVATOR

The little son of Leon Soward, colored employee of the Omar Dodson wholesale grocery, was badly cut on the right foot this morning at the grocery building in Market street known as the Poynts building. The little fellow was on the elevator with his father when his foot was caught in the mechanism and was badly torn on both sides. Several stitches were necessary to close the wounds.

FARMERS REMOVE SUGAR.

All day today there has been a great rush at the Farm Bureau's car of sugar at the L. & N. station. Farmers from all over the county have been coming in automobiles, wagons and buggies to haul home their part of the sugar purchased through the bureau. Practically all of the sugar has been delivered except that portion which was purchased by Lewis county farmers and this will be delivered the first of next week.

ASKS JUDGMENT AGAINST ESTATE FOR SUM DUE

Mrs. Margaret Winter says the late Thomas J. Winter Owed Her \$3,900 For His Care For Two Years—Suit Filed Today.

Mrs. Margaret Winter, sister-in-law of the late Thomas J. Winter, brought suit in the Mason Circuit Court today against George M. Antle, et. als., including the Executor of the last will of the decedent, all of his heirs and beneficiaries in which she asks judgment against the estate of the late Thomas J. Winter for the sum of \$3,900 with interest from September 1, 1919.

The plaintiff states that at the special instance and request of the decedent, she performed for him valuable services, nursing and caring for and cooking, washing and ironing for him during a period of two years and longer, which services were well worth the sum of \$25 a week and for which sum the decedent promised and agreed to make a provision in his will covering for the said services. She says the decedent failed to make such payment to her in the will or otherwise and that she has not received anything for the services on the promises made by the late Thomas J. Winter.

She says the services were well worth the sum of \$3,900 with interest from September 1, 1919, and that the same is a just debt against the estate of the decedent.

The plaintiff prays that process issue against the persons named as defendants and that Warning Order Attorney be appointed and that they may be required to present their several demands, if they have any, that so much of the property of the estate as may be necessary be subjected to the payment of the decedent's debts; for her costs and for all equitable and proper relief.

GOVERNOR CANNOT SPEAK HERE DECORATION DAY.

The local post American Legion has been informed by Governor Edwin P. Morrow that it will be impossible for him to speak here on Memorial Day because of previous engagements in Louisville on that day. Hon. Thomas D. Slattery, who was also invited to speak in Maysville on Memorial Day will give his answer to the local post on Monday. Other details for the celebration will be worked out and announced later.

Mrs. William Roberts, of Ft. Thomas is visiting Miss Elizabeth Walsh of Front street.

HEALTH INSPECTION SHOWS SCHOOL IN GOOD CONDITION

First District School Inspection Completed and Health Department Is Well Pleased.

On Thursday and Friday the Health Department carried out its Health Inspection at the First District School. There were 106 scholars present for the examination.

Three fourths of the children were up to or above the normal height and one half up to or above the normal weight. There were twenty-two scholars that had no physical defects which is more than twice the number (in percentage) that was found in a recent examination in the Sixth ward school. Sixty-eight of the one hundred and six had defective teeth. These children should spend a little time with a dentist this summer. Only eight per cent. of the pupils had defective vision, which is much better than the twenty-seven per cent. found in the Sixth Ward School. The prominent defect noted in the First District school was diseased tonsils. Nineteen children are handicapped by this trouble. It is of interest to recall that we have had more cases of diphtheria during the past year in this school than in any other school in the city. Diseased tonsils lower the resistance of the body against such diseases as diphtheria.

The environment of the school including the playground, sanitary conditions, heat, light and ventilation are all good.

ATTEND MR. MUNZING'S FUNERAL AT DOVER.

Several Maysville people went to Dover this afternoon to attend the funeral of Mr. W. A. Munzing. Among those from here attending were, Prof. W. J. Caplinger, C. S. Kirk, J. B. Strickland, Ben H. Greenlee and Rev. J. A. Davis.

WINTER SALE ATTRACTS MANY.

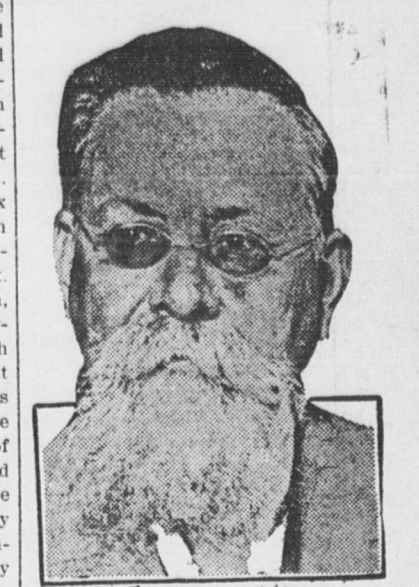

The sale of the personal property of the late Thomas J. Winter at the Winter homestead in Court street this afternoon attracted a large crowd, much interest was taken in the sale of the old Grandfather's clock and other antiques.

The Downey residence property at the corner of East Second and Commerce streets was sold by Master Commissioner A. G. Sulser at public auction this afternoon. The property was purchased by the Limestone Lumber Company for \$3,900.

The Gallenstein St. Louis flats which were advertised for sale at public auction this afternoon, were not offered by their owner.

DEPOSED MEXICAN PRESIDENT IS SLAIN BY TRAITORS FRIDAY

Reports Indicate That Killing of Carranza Was Result of Plot Between Col. Barrera and Fifty Men.

V. CARRANZA

Mexico City, May 22.—Venustiano Carranza, deposed president of Mexico, with six members of his party, has been killed near the town of Tlaxcala-Tongo, in the state of Puebla, according to advices to headquarters of both Generals Alvaro Obregon and Pablo Gonzales here last night.

Reports at revolutionary headquarters of the deposed president's party who were killed.

Earlier dispatches, however, said Luis Cabrera, Carranza's minister of the treasury; Juan Barrera, his chief of staff; Aguirre Berlanga, prime minister; and Ignacio Bonillas, former ambassador to the United States, were with their chief.

The killing of the president, Pelaez's advices said, was the result of a plot laid by Barrera and about 50 of his followers.

Carranza was the first to fall, it was said. Then his followers were reported killed one by one. It was believed the majority of Carranza's cabinet members, who were with him, were among the dead. General Murguia, formerly in command of Carranza forces in the federal district of Mexico City, also was reported to have been with the deposed president.

"IN THE DAYS NEWS."

Charles H. Markham, who today enters upon his sixtieth year, has been president of the Illinois Central railway system for the past ten years. When Mr. Markham went to work at the age of twenty as a day laborer, it would have seemed rash to predict that he would one day be numbered among the foremost railway executives in America. Clarksburg, Tenn., was his birthplace, and his education was such as the public schools of his native town afforded at that time. In 1881 he began his railroad career as a section hand on the Atchison, Topeka and Santa Fe lines. A few months later he became connected with the Southern Pacific Railroad Company and rose rapidly in the service of this road. In 1901 he became the executive head of the Harriman lines in Texas and a few years later found him general manager of the Southern Pacific interests at San Francisco and a vice-president of the company. In 1904 Mr. Markham severed his railroad connections and for the next six years engaged in the oil business in Texas, from which he retired in 1910 to accept the presidency of the Illinois Central.

SAVED A HUNDRED MILLIONS.

Washington, May 21. — An amendment to the Sundry Civil Appropriation bill, advocated by Democratic representatives, to appropriate \$197,500,000 for the operation of the U. S. Shipping Board has met with defeat on a vote in the House of Representatives. "It is \$100,000,000 more than is necessary," stated Representative Frank W. Mondell, majority leader, "and it leaves the Shipping Board free to pursue the even tenor of its way without collecting the sums due it from the Army and without making any sales or transfers. The Board is dragging hundreds of millions of dollars out of the pockets of the people instead of doing business and getting its money in a businesslike way." "We have provided reasonable amounts for the expenditures of the Board," states Representative Walter W. Magee, of New York, "but we regard it as much better that the Shipping Board make an effort to sell its ships while there is a good market rather than to make a large appropriation to be paid by the taxpayers of the country."

The theory that twins are not so much separate individuals as one individual split in two received curious confirmation in the fact that there are many cases on record of twins dying within a few hours or days of one another. When the second does not die of the same disease he or she dies for no particular reason, as far as the doctors can see—simply heart failure.

IT'S FOOLISH TO SUFFER

When So Many Maysville People Are Pointing the Way Out.

You may be brave enough to stand backache or headache or dizziness. But, if, in addition, urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of dangerous disease before you know it. But, if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well. Don't experiment—use the remedy Maysville people are publicly endorsing. Read this case:

Mrs. R. W. Louderback, W. Second St., Maysville, says: "Some few years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and was so lame at times that I could hardly bend one way or the other. Someone advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and continued use entirely cured me of the trouble." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Louderback had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better. In fact, cured me. I have been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic. Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-132

ANNOUNCEMENT.

Covington, Kentucky, May 10th, 1920. For some time past it has been known to many of my Republican friends throughout the state that I would be a candidate for the Republican nomination for United States Senator.

I now desire to make public announcement of that fact.

I keenly appreciate the responsibility and importance of this high position, and, in the event of my election, I will give to the duties of this office the best there is in me and will represent the people of Kentucky and of the United States to the best of my ability.

I desire, also, to take advantage of this opportunity to express my sincere thanks to the many Republicans throughout the state who have, without solicitation on my part, so kindly and generously offered me their support. RICHARD P. ERNST.

COFFEE! BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kick.

Prices are right. A trial order will convince and will be appreciated.

HOME GARDENS MUST BE PLANTED OR WE WILL SEE THUNDER

Interesting Article Acquaints Public With the Future Food Situation in America.

(Reprinted from Philadelphia North American.)

Certain facts made public within the last month undoubtedly will impress the average person with the vital importance of contributing to the coming season's food supply. The government crop report has placed the condition of the winter wheat 75.6, far the poorest in ten years. When it is remembered that the acreage planted to winter wheat is 25 per cent. less than last year, and that the same figure holds for rye, this estimate becomes unpleasantly significant.

More than \$1,000 farms in Pennsylvania are without the necessary help to produce normal grain and vegetable crops. This is an increase of nearly 29,000 over last year, and evidences a really alarming condition in food production. In New York state there will be a reduction of one-third of a million acres in cultivated lands for the current year, because of the scarcity of help.

From Maine, the foremost potato state, comes the news of hundreds of farms and scores of country towns where no males between 16 and 60 are left; where only the women folk and old men are available for soil tilling. Similar conditions are reported from New Hampshire and Vermont. It also has been stated that at least 75 per cent. of the farmer boys taken from the fields during the draft have not returned to their former work, but now

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. are working in shops and factories, where they get from three to ten times their former pay.

In virtually every field of food production the outlook is similarly disheartening, due everywhere to an unprecedented lack of labor. "The shortage of help on the farms of Pennsylvania and the entire country," says Secretary Rasmussen of the Pennsylvania department of agriculture, "is bringing about an extremely serious condition in our nation. It is not that the farmers do not want to produce more. It is to the farmer's interest to have the maximum use of his acreage. He simply cannot get the help and can only plant the acreage that he and the immediate members of his family can harvest. Agents for industrial firms are going about the state signing up what few men remain on the farms, offering wages that the farmers do not dare to meet."

If more facts be needed, we may cite Secretary Rasmussen's estimate that in the United States as a whole are 4,000,000 fewer acres sowed to wheat than a year ago, and 12,000,000 fewer to rye. With these facts as food for thought—and they represent only a part of the truth—it must be plain even to the casual thinker that the spell of unseasonable spring weather which has delayed early planting, and thus extended the opportunity for home gardens, is a blessing in disguise.

The situation, when boiled down, is this—at no time in recent years has every indication pointed to such an acute food shortage as must come next fall and winter, unless every effort is made to avert such a catastrophe. For, added to the unfavorable factors above noted, is a scarcity of fertilizers. The supply for spring use is placed at 75 per cent. of the normal need, with prices so high that the conservative farmer hesitates to buy all he can use, even if he can get it. This means thinner spreading and lower yield per acre.

So the home garden at this writing must be viewed in the light of a defense against famine. Its contribution to health and education is, for the time being, a secondary consideration. Under existing conditions it assumes the important role of insurance against hunger. As we already have said, weather conditions in this and many other parts of the country have made it possible to plant such gardens any

time within the next two weeks without suffering loss in production. That this should be done—that it must be done, if we are to tide over a food situation of the utmost seriousness—is obvious.

Once more we urge everyone to turn the back yard—even the small city back yard—and the vacant lot into a food-producing area. Seeds have not advanced greatly in price; in fact, some varieties now are quoted lower than two years ago, and it is not difficult for amateur gardeners to get good results if they will follow the simple directions printed on each packet of seeds, or get free from the department of agriculture in Washington a book of home garden directions.

So far as our own food needs are concerned, we face a situation more serious than any that existed during the war. The urge of altruism and patriotism which then existed now is lacking. In its place is a call to service in a battle against hunger—a summons which certainly should meet a hearty response on the part of the people. The prospect is decidedly unfavorable, and the one way to assure anything like a sufficiency of necessary foodstuffs is for everyone who is able to handle spade, hoe or rake to turn to and join the ranks of producers. Now is a time when all novices must get busy, or run the risk of going hungry.

SAVED BRIDGE RAFTERS.

Carlisle, Ky., May 21.—The only indictment returned by the grand jury was one against two Lexington negroes, whose names were unknown, and they were indicted under the names of John and Richard Doe. The two negroes attempted to cross a covered bridge on the Maysville and Lexington pike in a truck, and being unable to do so they secured a saw and sawed the rafters out of the bridge so they could pass. The bridge was considerably damaged.

GOVERNMENT TO TRACE SUGAR.

Washington, May 21.—As a means of aiding the government in its control of distribution of sugar, representatives of importers and brokers, in conference with Department of Justice officials today, agreed to furnish the government with details of transactions and sales. With this as a basis, Assistant General Garvan said the department hoped to trace every pound of sugar and seek means of directing it into channels where domestic consumers can get it.

NEIGHBOR TAKES HIS OWN LIFE IN CINCINNATI HOME

John Armleder, Well-known Here, Native of Brown County, Took His Own Life Tuesday.

John Armleder, aged 55, fatally shot himself at his home in Cincinnati, Tuesday morning.

Acquaintances told Constable Davis of the Coroner's office that an order to move from his residence at 6210 Hamilton avenue, near College Hill, on June 1, had been causing Mr. Armleder considerable worry.

His wife said that he had not been despondent. She said he retired in a happy frame of mind on Sunday night and that his attitude apparently had not changed early Monday morning. She and his two daughters, Irene and Dorothy, were in the basement of their home when Mr. Armleder went to the second floor to dress preparatory to going to his office.

A moment later they were startled by a pistol shot and rushing upstairs they found him unconscious with a bullet wound in his right temple. It was at first reported that he was not in a serious condition, but it was learned later that he never regained consciousness from the time of the shooting until his death at 10:30 a. m.

John Armleder is well remembered by local people. He spent his boyhood days in Brown county and attended the public schools. He was the third brother of the Armleder family, Albert being the remaining member of that family residing at the home place, on White Oak Creek. After leaving this section John went to Cincinnati. He engaged there in the plumbing business. The family visits here frequently with relatives. He has been engaged in the insurance business having offices in the Provident Bank building, being the general agent for the Ohio National Insurance Company.

MURDER SENTENCE AFFIRMED.

Frankfort, Ky., May 21.—The twenty-one years sentence in the penitentiary given to John Middleton by the Knox County Circuit Court for the killing of Steve Philpot in December 1918 was affirmed today by the Appellate Court, Middleton, a police officer, shot Philpot thinking he was another man who had been accused of bootlegging. The court says that the fact that Middleton thought Philpot had his pistol drawn did not excuse him for committing the crime.

Pepto-Mangan Increases and Enriches The Supply of Red Blood—Builds Strength

RESTORES COLOR AND APPETITE Energy and Interest Soon Come With Red Blood.

"I don't know why I should feel the way I do" is a remark often heard. A close look at the person who says this, will find signs of anemia or bloodlessness.

When the blood is thin and weak you do feel miserable. The simplest tasks seem too much for your strength and you get ashamed of your pale face and dull eyes.

Red blood makes the best complexion. It is red blood that puts roses in the cheeks, light in the eyes and spring in the walk.

To build up more red blood take Gude's Pepto-Mangan.

Gude's Pepto-Mangan furnishes thin watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality, and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan—Advertisement.

SUNDAY SCHOOL LESSON

MAY 23, 1920.

Topic: Saul Anointed King; or Selection of Leaders
Luke 12:13; Acts 9:13-16

REV. J. J. DICKEY.

Samuel had now grown old, and had made his sons judges over Israel. But they were like Eli's sons, "they walked not in his ways, but turned aside after lucre, and took bribes, and perverted judgment." How shocking! Eli's family lost the priesthood by their backsliding and Samuel and his family are to lose their authority in the same way. The people were displeased and demanded of Samuel a king. Samuel protested, but they persisted. Samuel laid the matter before the Lord. He told Samuel to tell the people the great burden and curse such a change in their government would bring, but the people insisted, and God yielded. God told Samuel to secretly anoint Saul, son of Kish, King. This he did, under peculiar and very interesting circumstances. Read, beginning with the eighth chapter of First Samuel.

We learn from this lesson that it is better to allow God to have his way with us. He is wiser than we are. Again we learn that God gives people what is not for them when they persist in having their own way. Better say when we pray, "Not my will but Thine be done!"

PEACE RESOLUTION IS ADOPTED BY HOUSE

Nineteen Democrats Join Republicans In Supporting Senate Measure.

Washington, May 22.—The Senate resolution, repealing the resolution by Congress declaring a state of war with Germany and Austria, was passed Friday by the House and made ready for immediate dispatch to the President, who is expected to veto it.

The vote was 228 to 139, and was along strict party lines, except that 19 Democrats joined Republicans in supporting the measure, while two Republicans—Kelly, of Michigan, and Fuller, of Massachusetts, opposed it.

The House total lacked seventeen votes of the two-thirds necessary to override the veto. Seven Democrats—against the measure, which was a substitute for the House resolution, were paired with the Republicans favoring it. Two Independents also set off each other in the vote—Representative Carrs, Minnesota, opposing the resolution, and Keller, of the same state, favoring it.

Final action by the House came after an hour's debate, the Republicans refusing to grant the Democratic request for more time. Spokesmen for both parties in the course of the debate announced all willingness to enter the political campaign on their present records.
